

MA-11 Yellow Glue Remover

- Fastest Yellow Mastic Remover on the Market!
- approx. **50 sq. ft./gal**

PRODUCT DESCRIPTION

MA-11 Yellow Glue Remover is a product specially formulated with methylene chloride to cut yellow mastic carpet glue under floor tile. It takes the time typically spent on these tough yellow mastic jobs and cuts it in a third using the cutting strength of methylene chloride. MA-11 is not designed to be used in occupied buildings, and must be used in accordance with local and state regulations. MA-11 is simply the BEST yellow mastic carpet glue remover on the market.

PROPERTIES

State: Liquid
Appearance: Clear
Color: Colorless/Pale Amber
Odor: Characteristic penetrating chloroform-like
Viscosity: Very Thin
pH: Mildly Alkaline 7.5 - 8
Chlorinated: Yes
Dilutable: No
Weight: 9.89 lbs/gal
Rinsable: Yes
Organic: Yes
Boiling Point: 104°F
Solubility in Water: 21%
Evaporation Rate: (Ether = 1) 0.7 (Approximate)

DIRECTIONS

1. Apply MA-11 directly to exposed adhesive by either manually pouring or spraying with a low pressure garden sprayer.
2. Allow about 5 min for remover to penetrate and soften mastic.
3. After the adhesive has softened, remove with long handled scrapper, broom, or squeegee. Scrape the mastic into a pile or puddle and remove using absorbents, plastic shovels, or explosion-proof wet vacuums.
 - ✧ Stubborn areas or acrylic (brown) mastics may require more aggressive mechanical agitation with a long handle scraper.
4. Rinse the surface with water and detergent to remove any residual product or liquefied mastic.
 - ✧ Porous surfaces may require special care in rinsing to ensure all the solvent is emulsified (this will also aid in preparing the surface for new mastic adhesive)
5. Dispose of waste material according to all federal, state, county, and local regulations.
